## DECISIONS OF THE N.S.W.

## ASSOCIATION.

The New South Wales Associa-  
tion made many important deci-  
sions at its last Council meeting.  
They include the following:—

(1) That the following amended  
itinerary for the Queensland visit  
to this State in June be approved:

Queensland leave Brisbane May  
31st.

Play Armidale on June 1st.

Play Newcastle on June 3rd.

Play N.S.W. at Sydney on June  
5th.

Play South Coast on June 7th.

Play Metropolis at Sydney on  
June 10th.

(Only one test match to be  
played.)

(2) That no other matches under  
Soccer jurisdiction be allowed in  
the metropolitan area on May 6th  
excepting those on Wentworth Park  
Oval.

(3) That Mr. Salmon, hon. secre-  
tary New Zealand Association, be  
advised of acceptance of their  
terms, which provided for the team  
leaving Sydney on May 20th.

(4) That £150 be loaned to the  
N.D.B.F.A. towards the cost of  
erecting a grandstand at the Tram-  
way Ground, Newcastle.

(5) That the M.S.F.A. be given  
permission to take a representative  
team to Newcastle on June 5th and

that the N.D.B.F.A. be given per-  
mission to return the visit on the  
27th June.

(6) That the referees for Gar-  
diner and Richardson Cup semi-  
finals and finals, also Inter-State  
matches, be selected by the N.S.W.  
Council; that in all other cases the  
referee be appointed by the Ref-  
erees' Association of the local con-  
trolling association; that each ref-  
eree's association be asked to sub-  
mit three names to the Council, so  
as to facilitate the selection, in  
those cases where the N.S.W. As-  
sociation makes the appointment.

(7) That the programme for  
Wentworth Park on May 6th be as  
follows:—

Granville Under Sixteens v.  
Metropolitan Under Sixteens,  
at 12.30 p.m.

## MIGHTY BACKS

The two biggest backs playing  
the game, Lyons and O'Hara  
("Patsy"), are with the same team,  
Gladesville, and are a hard pair to  
get past. Lyons is best remem-  
bered as the centre forward of  
Drummoyne, for whom he was a  
deadly shot. He always waited for  
the ball to come to him, but once  
he got it in a good position, he  
rarely missed the opportunity. He  
was successful also as a forward  
in the famous Balmain Kia-Ora  
combination, and played inside  
right and right wing for them as  
well as at centre. He has been  
associated with Gladesville since,  
and his absence from the team de-  
stroys the morale of that combina-  
tion. "Patsy" O'Hara was first in-  
troduced to Sydneyites as captain  
and centre half of the strongest  
Navy combination, which contested  
the Gardiner Cup in 1919. He  
"skittled" more Fernleigh men that  
day than anybody else before or  
since. He played in Victoria in  
1920; was with Drummoyne last  
year, and has thrown in his lot  
with Gladesville this year. He is  
credited with being able to kick a  
placed ball 75 yards. Opponents  
of this team will have to rely on  
their speed and agility to pass this  
unique full-back pair.—"Vile."

## The Soccer News

### EDITORIAL.

### Objects of Publication.

*The "Soccer News" is not yet paying its way, and a more serious effort must be put forward by all concerned to ensure its continuity. Club secretaries and supporters should make themselves advertising and selling agents and get into touch with the Association. Articles of interest are invited, and should be addressed to the Editor at the Sports Club.*

*Our game is still advancing in public favour, and the big crowd present at Wentworth Park last Saturday augurs well for the future. The increased admission price to the grandstand enclosure came in for a lot of criticism. The football crowds that follow the different codes will have to be informed, however, that, while the respective Associations continue to outbid one another for grounds, then there will be a tendency for an increase rather than a decrease in admission fees. The price of Wentworth Park was £200 in 1920, £450 in 1921, and is £650 in 1922. Fortunately, we have secured the ground till the end of 1924.*

*The standard of play is on the improve, especially in the country districts. The Metropolitan Selectors will need to put their considering caps well on, and watch the form very closely for the next few weeks, so that when the Queensland team plays here in June we may be able to field the very best that is available.*

### TO THE EDITOR.

Mr. Fred. Barlow, President of the N.S.W.F.A., and the father of the game in this State, writes:—

The Editor,

"Soccer News."

Dear Sir—May I, through your columns, call the attention of Soccer officials and also those traders in Soccer supplies who may read your paper, to the fact that more attention is wanted—and must be given—to standard size and weight of footballs used in our competitions. The "Laws of the Game" provide for a ball not less than 27 inches, nor more than 28 inches in circumference, and not less than 10 ozs., nor more than 15ozs., in weight (Size 5). These requirements must be adhered to for all Junior and Senior football competitions. More important still is the necessity for emphasizing the dimensions and weight of the ball, which has been standardised for use by school teams and juvenile teams up to the age of 16 years, viz., not less than 24 inches nor more than 26 inches in circumference; not less than 10ozs. nor more than 12ozs. in weight (Size 4). As you know I watch mid-week school footy very closely and nothing is more pitiable than to see our little champions trying to propel a ball which is much too heavy for them. Our old friend "George Boston" of "Referee" fame, picked a ball up last season out of a school match that weighed 1½ lbs.

During 40 years' connection with the game I have of course gained much knowledge of our requirements. This is at the disposal of anyone, either in the management or in the trade.

Yours, etc.,

FRED BARLOW,

President, N.S.W.F.A.

## SELECTION OF AUSTRALIAN TEAM

### EFFECT ON CLUBS.

It is a peculiar fact that the three Sydney representatives in the Australian team should each come from different clubs, and that those clubs should be Pyrmont, Granville and Balmain Fernleigh, the three strongest clubs (as far as present form shows) in this area. Balmain Fernleigh lose their goalkeeper, and are, it is understood, having trouble in finding an effective substitute for "Nick" Cartwright. Pyrmont got Fisher, only to lose him, so it seems; but they will replace with Stan. Anderson. Granville have not yet decided who will take W. Dane's place, but as players in that area grow like mushrooms, they anticipate no difficulty. If Jennings had been selected there would have been a different story to tell.

## POT SHOTS

The eyes of the President, Mr. Lincoln, danced with delight as he beheld the great concourse gathered in the Oval.

Danced to the music of the Turnstile Band.

Sydney and North Sydney meet together to-day at the Oval.

This solves the North Shore Bridge problem.

Referee Peaty gave Newcastle two fouls.

With eggs so expensive, a good gift, provided the fowls are not broody.

Junior Association elected Frank West as President.

With a record entry, strange the Association should look towards the West.

The Junior Secretary has a task to square his fixtures in the season.

Pack-er in Charlie.

Dr. Porter charged the goalkeeper.

What was the fee, 10/6 or a guinea?

Forbes made a mistake in hugging the ball.

Decidedly so. It's a wee lassie you should be hugging, Angus.

The visitors from South Coast were attended to by Bert Ranger.

A Ranger cares for the Stranger.

"Pyrmont does the trick after four years." Better late than never.

"He tipped over the bar." Must have been tipping.

"The game was uninteresting and ragged." Ragtime football.

"Batten, misikking, almost let Alewood in." Alewood if he could.

"Dates for Soccer tests." Why dates?

"Crum(b) has the making of a good full back." A new star rising in the yeast.

"Jennings was starved by Phillips and Hancock." They must keep a high-class boarding-house.

"Eastern Suburbs will play Balmain Gladstone at Easton Park. The fence will be re-erected for this match." An exhibition of fencing before the match.

"Rangers created a surprise by fielding Wally Moore, a most dangerous forward."

Oh, Wally Moore. Oh, Wally Moore, We know your dangerous form of yore, The captain of your team we'd bless, If he would field you Wally less.

"Crum did not produce his best club form." Gone stale perhaps.

"Hughes did all that was asked of him." A hughesful man.

## PROMINENT PLAYERS

## S. Robinson

One of the most unlucky players in the inter-district test, because had a left-back from New South Wales been required by the Australian Selectors he would have been a certainty. As a youth of 19 years, he partnered Stan. Anderson as a full-back for Pyrmont, and the pair were undoubtedly the best in New South Wales (in 1917 and 1918). He went over to Pyrmont Rangers, then playing Second Division, in 1921, and is playing with them this season. "Starch" is a great tackler, a good kick with either foot, and is clever at recovering. He is playing particularly well at present, because he is looking after the ball and not worrying about the man so much. He should successfully represent for the State before the present season closes.

## H. Spurway

Left-half for Granville, and is equally at home in the right half position. Represented the State admirably last year in Queensland, and was much respected as a player by his captain, the late Bill Lambert. He is a clever kick and a hard tackler, and never lets up. He had the bad luck to get a knock early in the game last week, and consequently while not playing a bad game, did not do himself justice. Granville were anxious that he should represent Australia, but think that they will now win the Premiership. Harry would have been a hard man to replace.—"Maggie."

## Eddie Ferrier

Eddie Ferrier, captain of Balmain Fernleigh, and one of the most respected footballers in the Metropolitan area, is a very modest individual, and always avoids anything in the nature of acrimonious discussion. He is undoubtedly a very big asset to the Balmain team, and was connected with them during their wonderful successes in 1919 and 1920. Coolness is perhaps Ferrier's greatest asset. He never loses his head, never allows them under him to do so. As a right half he has few superiors, although he is better placed as a centre-half. He and Alf have had a very long connection with competition football. Alf, by the way, can name even now the

personnel of the Australian team that visited New Zealand in 1904. Ferrier has often represented and visited Queensland in 1912. He was selected captain of the team that played Queensland in the second Test in Sydney last year.

## DID YOU KNOW THAT

Stan. Anderson is ready to reappear for Pyrmont after Allan Fisher leaves with the Australian team.

Austin ("Bobbie"), the prince of goalkeepers, was not available for New Zealand.

The N.S.W. Association, although losing heavily as a result of sending a team to New Zealand, is paying an allowance of £1 per week to the players from this State.

Tommy Sinclair, the best inside left in the North, was available for New Zealand, but was not selected by the Newcastle Selection Committee.

Entries for the Gardiner Cup and Richardson Cup close on May 15.

Mr. A. Morgan, ex-treasurer of the Queensland Association, will manage the team in New Zealand.

"Poker" Creighton was very dissatisfied at being selected left instead of centre-half by the Coast Selectors.

Gilbert Storey and Spurway received "cracks" early in last Saturday's game, which materially affected their play.

R. Henderson, selected to represent Australia, has only been resident in New South Wales two months.

A. Jennings, Granville's crack centre forward, is particularly good in the heavy going, and would have been an asset in New Zealand.

Leonard, who played so finely alongside wonderful "Podge" Maunder, is not picked to represent Australia.

Thompson, who was selected, and played so nicely at left wing, generally plays inside left on the Coast.

J. Pickles and A. Gibb, two Queenslanders, who will go to New Zealand, have been continuously representing for the bananalanders since 1913.

The Australian Selectors were: H. Ashworth and H. Campbell (Queensland) and L. Tamlyn and E. Luke-man (N.S.W.).

The Australian touring side will play a match against New South Wales on their return from New Zealand.

The touring party sail on May 20, and leave New Zealand on the return on July 8.

## NOTICE

F. G. Hillyard, well known to Soccerites, announces that he is willing to sign himself with any First Grade Club. His address is Loftus View, Cecil-street, Merrylands.

## STATE CHAMPIONSHIPS.

Entries for the Gardiner and Richardson Cups close on May 15th. Forms of entry may be obtained on application from the hon. secretary.

## DID YOU KNOW THAT

Only three players from the Metropolitan area—Fisher (Pyrmont), Cartwright (Balmain - Fernleigh), and W. Dane (Granville) were included in the Australian selection.

Patsy O'Hara and Jimmy Lyons are a solid pair of veterans who star as backs for Gladesville—just a matter of six feet and fourteen stone.

The undefeated elevens, Granville and Pyrmont, will crash next round. The Metropolitan selectors are Messrs. W. Carroll, W. Wright and J. Black, Lincoln and Martin.

The so-called greater attractions at headquarters have no attraction for Leichhardt Soccerites, who prefer to have sixpenny worth at Ibrox Park.

Throughout the whole 90 minutes of a hard game between the Sydney and Cockatoo Dockyard elevens at Wentworth Oval last round, Mr. Referee Dunn did not have occasion to pull up either team for any infringement of the rules—something unusual, appreciated by the public.

Northern Districts' Association secured a loan of £150 from the N.S.W. body to proceed with the erection of a grandstand on the Tramway ground.

Annandale Altona under 18 team, netted eighteen goals against Y.M.C.A. the other Saturday—does anyone know of a better record?

Balmain Scottish won last season's Cronin Cup competition conducted on the knock-out principle, and are a young team, which should go far in senior football.

Players may transfer from second to first grade, but should more than five matches be played in the higher grade during any one season, permission must be granted by the Association to again participate in second grade football.

The Macs at Ibrox Park threaten to "mac" things hum this season.

the State in Queensland, and with

not particularly robust; he is the  
greatest football marvel of recent

years. Can shoot with either foot

Balmain-Fernleigh. He is an ath-  
lete every inch of him, and excels at  
jumping and boxing; can kick well  
with either foot; overawes oppos-  
ing forwards by his personality;  
absolutely fearless and a splendid  
spectacular player. Our wishes go  
to him in the anxious and respon-  
sible task in front of him.

George Cartwright, known to his  
friends as "Nick," is one of the  
best of sports, and a splendidly safe  
and modest goalkeeper. He was  
always associated with Annandale,  
and was always regarded as one of

the best of goalies. He never had  
the luck to win a medal with An-  
nandale, but proudly exhibits four  
since his connection with Balmain-  
Fernleigh, which team will be a  
heavy loser by his going.

The non-availability of "Bobbie"  
Austin gave "Nick" his chance, and  
it is confidently anticipated that his  
keeping and his general demeanour  
will earn him a splendid reputation  
in Maoriand.

### FOOTBALL IN GREAT BRITAIN

With the coming of peace in the Old Country, it was thought that the wonderful public support "Soccer" was receiving was only the aftermath of war, and a natural desire of the people to forget the ordeal of the period 1914-'18. It was generally conceded that the mad desire to see the games would relax as things grew normal. Events are proving that such is not the case, and, as the figures given below will indicate, it is the game itself that is the attraction.

It is a remarkable commentary, also, that after twelve months of unparalleled trade stagnation that the attendances and receipts at Cup-tie football should be greater than ever.

A year ago 245,828 people were attracted to the third round of the English Cup, the receipts for the eight games being £23,542.

On Saturday, 25th February last there were nearly 100,000 more (344,654) to see the game, the receipts being £25,511 an increase of nearly £2,000. The biggest gate was at Tottenham, where the "Spurs" defeated Manchester City by (2-1). The sum paid for admission was £4,500.

About 50,000 people saw Cardiff defeat Notts Forest (4-1). Here £3,800 went into the "Cup."

Stoke v. Aston Villa at Stoke drew 48,870, and the cash, £3,870; while at West Bromwich v. Notts County, almost an identical audience, (43,853) only extracted £2,587 from the "Soccer" loving public.

### A LECTURE

#### ON THE LAWS OF THE GAME

A suggestion has been made, and should be acted upon by the Association, to invite a prominent referee, say Mr. Wright, to give a lecture in the big room at the Sports Club, on the above question. Club secretaries, players, members of the management and supporters generally would like something of the nature to be arranged. It is a long time since the referees have inaugurated lectures, although once upon a time, the Referees' Association used to send out representatives to give lectures at the various club meetings. A start might be made again, especially on account of the difference of opinion amongst the Referees themselves, as to how rules should be interpreted.

Referee Wright is a pleasing speaker, and there would be a good roll-up if he will agree to the idea.

### SECOND DIVISION PLAYERS

The question has been raised whether a second division player can transfer to a first division club. The rules on this point have been altered this year, and the players concerned have the right of transfer up till the 15th July, providing they give seven days' notice of their intention to the Association. The objects of the rule is to get the best players to play first division, because undoubtedly the immediate future of the game depends on giving the public per the medium of the most important matches, good and well-fought-out exhibitions.

### REFEREES.

The decision of the New South Wales Council to appoint referees for semi-finals and finals of State Championships, as well as any other matches under its control has necessitated the nomination by each Referees' Association of three referees to be considered in the fixing of these appointments.

Interest has been created amongst the Sydney referees, and they have the invidious task of selecting a three. There will be many disappointments.

D. Ward, the inside right, also plays for Balgownie, and is immensely popular on the South Coast. He was deemed superior to men of the calibre of "Dutchy" Phillips and Leonard of Cessnock, and so has had a high standard set him. His footwork is very pretty, and last week he combined well with Masters; with a man of the type of Maunder alongside of him, and Cumberford playing inside left, he should do well; there will be plenty of goals ahead of this trio, as their style of play will enable them to work up a very pretty combination.

Peter Doyle, of Adamstown, one of the best-liked, but most contentious men of the North, should thrive on a tour of this description. His genial humour, and pleasant delivery should endear him to his mates, as one who will live up the voyage by his ready wit. He is a very capable half of the spoiling type, and kicks solidly. His game last week on Wentworth Park was an eye-opener and ensured his selection.

R. Henderson, the South Maitland representative and one of the unknown factors in the team; has a great reputation, but has only played two club matches and the inter-district match last Saturday; his selection came as a big surprise as his form last week was not outstanding; he comes of a good football family, however, and if the reports concerning him are correct, then we may be sure that Australia will have a worthy representative.

### THE SPREAD OF SOCCER

It is pleasing to note the teams entered in the Senior Competitions this year from districts formerly unrepresented in the Soccer code. The most notable is perhaps Manly and Mr. H. E. Smith and the Leckie Brothers deserve every credit for bringing this club into being. Two clubs from the Granville Association competitions last year—Two Blues and Parramatta—will take a deal of beating. Granville encouraged these clubs to affiliate with the Metropolitan Association, and as a result themselves had a record entry in their first grade. Four teams are now included from that area, the other two being the Magpies and Auburn, who won the Second Grade last year.

W. Dane, the flying right of Granville, and one of the forwards whom it is never safe to leave open an opportunity, will leave his native heath with the best of wishes from a particularly enthusiastic section of Soccerites. "Billy" crosses well, shoots nicely, and always sees that his boots are nicely laced with clean white laces. He is a temperamental player, and must be encouraged; does not thrive on criticism, but excels when playing confidently.

F. Thompson, of Balgownie, and the pride of the Coast, is selected as the left wing, although he generally plays for his club inside left; only 20 years of age, and about 9½ stone; his ability to play in the mud has been questioned. He has been picked on dry weather form, however, but may turn out a veritable Sir Maitland. His shot last week at Wentworth Park certainly took the eye, and he is a fortunate young man indeed, as he is able to give of his best at the psychological moment.

4. Claimant must make personal report of accident to Management Committee of that Association not later than the Monday following such accident, and at the same time hand in written report, endorsed by the Captain and Hon. ## METROPOLITAN JUNIORS

(By "King Gee")

The curtain raiser to last Saturday's test games was representative "C" Grade teams from the Granville District and Metropolitan Junior.

This was the third of such games played between these teams, and the Metrop. have won two and the other was drawn.

The game on Saturday was an eye opener to many as to the calibre of Soccer in the lower grades, and speaks well for the future of Senior football. Metrops. although winning by three to one, certainly very fortunate and were saved on many occasions by the solid defence of Martin and Morrison (backs), Jenkins (goal) the display given by the latter was very creditable and deserves great praise. He should in the near future be found among the Senior players and will no doubt do justice to the game.

In the half-back line, the play of Long was noticeable, and Kelly was going along splendidly until he was penalised in the penalty area and thus gave Granville the chance to open their scoring account, which Leadbeater, who was entrusted with the kick, accepted, the ball just touching the goalies' fingers.

McQuirk, on the wing, showed to advantage, as did also Riches. The tit-bit, however, came from Buttell, who scored two goals, one being from a cleverly placed pass by McQuirk in front of the goal. Riches was the other scorer.

## MATCHES TO-DAY

Primrose Park to-day will be occupied by four A Grade teams. The early fixture between Arncliffe and Kogarah should be productive of good football. These teams have been great rivals and Kogarah hope to beat their neighbours. A good game with the odds in favour of Arncliffe.

The late game, Marrickville v. Lilyfield, should be a good follow-on to the early fixture. Lilyfield, nominally last year's premiers, will need to be all out to beat the 'Ville team, who have "eyes" on the premiership.

## PLAYERS AND UNIFORM

The Council at their last meeting decided that referees be notified to report any player not in uniform of his club. The rules give provision for a fine for this breach. Will club secretaries and captains please see that their team does not offend?

## INTER-DISTRICT GAMES

Representative teams from the A and B Grades will journey to Newcastle on June 5th to try conclusions with similar teams from the North. Players willing to place their names for selection should forward same to the secretary of the association, Mr. F. C. Packer, before May 23rd.

June 27th will be a gala day for Juniors, and the following games will be staged on Primrose Park: Corrimall v. Newtown Jnrs. Granville B v. Metropolitan B. Newcastle B v. Metropolitan B. Newcastle A v. Metropolitan A. As the latter game will no doubt be a prelude to an Interstate Junior team, players should be seen fighting hard for a position.

## RICHARDSON CUP

Clubs are reminded of Richardson Cup entries, which should be sent to the secretary controlling their own association. Closing date, May 15th. Entrance fee, 15s.

## NOTICE

Club Secretaries of Eastern Suburbs, Granville, Canterbury, Cockatoo, Balm'n Scottish, Sydney, North Sydney, Campsie, Thistle, Auburn, Burns' Anniversary and Lancashire Society are specially asked to immediately contribute.

## COUNTRY WINS

## BOTH METROPOLITAN TEAMS BEATEN

The plan followed this time in the Metropolitan teams was a failure. Players were invited to say whether they were available for the New Zealand tour. Many, however, also wrote in signifying their availability for the inter-district games. The selectors had both these lists before them, and confined their selections to names appearing on one of the two lists. This is a mistake; the teams should have been chosen from the whole of the Metropolitan area, the selectors giving preference, however, to well-known first-grade players, who had indicated their willingness to make the New Zealand trip.

As it was, good first-class men were passed over, and players were selected because they were the best offering.

The question is, however, can this fully explain the wins of the country teams over the metropolitan teams? It cannot. The standard of play has improved in both the North and the South, and has improved faster than has the metropolitan standard. It is averred by some, however, that Newcastle owes its win to W. Maunders, an erstwhile Auburn lad, and to its goalkeeper, Bobbie Austin, and that consequently the standard of play in the North has not improved any faster than has ours, but the difference is merely accounted for by these two brilliant exponents, neither of whom learnt their football in Newcastle. The point is well made, but cannot be stressed too far. The only way to settle the question would be to limit the team in both districts to locally born players. The idea might not be a success.

### CANTERBURY JUNIORS

The Canterbury Junior Football Club opened their season very well, the whole three grades, "A," "B" and "C" winning their first two matches easily.

The "A" Grade team has a first-class eleven. Holloway, a heady pivot, is a great strengthening point

to the Juniors; this boy is only nineteen, and last year played with a leading London Junior team. Bury have had another find in Jimmy Marshall. This boy plays left full-back, and is a very sure kick and good tackler. Last season he was captain of Marrickville Avoca.

The "B" and "C" Grade teams have a lot of good talent, and the club has a total membership of 60 players.

The following will represent the "A's" against Campsie United at Campsie Recreation Ground No. 2, on Saturday, May 13, at 3.15 p.m.:

A. Haworth, O. Joass (captain), J. Marshall, J. Corkhill, A. Brinkley, S. Gray, T. Gilbert, W. Howard, A. Holloway, R. Bennett, W. Croser.
